

## Checklist for a Great Navigation File

- The table of contents section links to all sections of the book
- The landmarks section links to the cover, front matter, start of content, and back matter (or more)!
- The page list is present, and links to page breaks throughout the book.
- Each section is wrapped in its own set of <nav> tags with unique epub:type attributes, like:  
Table of Contents: <nav epub:type="toc">  
Landmarks: <nav epub:type="landmarks">  
Page list: <nav epub:type="page-list">
- The items in the Table of Contents, Landmarks, and Page list are all in HTML lists.
